The joyous evening will include local food, live music, craft cocktails, and an inspiring program.

YOUR SPONSORSHIP SUPPORTS A HEALTHY WORLD FOR ALL OF US

From city parks to backcountry trails, and everywhere in between, EarthCorps works to restore and steward the lands and waters of Puget Sound.

We believe that we have a collective responsibility to care for each other and nature, and that we need new ideas and boundless enthusiasm to create a better world where people and nature thrive together.

That is why our mission is to develop leaders to strengthen community and restore the health of our environment.

Our program, rooted in leadership, community, and habitat restoration, brings together young adults- “corps members”- from the US and countries around the world for a yearlong service-learning program that prepares them to tackle the pressing environmental issues of our time.

Last year, our corps members improved Puget Sound by:

- Putting 804 acres into restoration
- Installing 65,329 trees and plants
- Engaging 9,915 volunteers in restoring urban parks and forests

- Showcase your company's commitment to the environment
- Bolster your brand visibility and logo recognition
- Create an excellent opportunity for employee engagement
